

Content Domains

Music/Audio Production 10.0200.00

The technical standards for the Music/Audio Production Program are clustered in 4 domains. The greatest percentage of instructional time will be spent on domains 1 and 2 with less time on domains 3 and 4. Students who complete the program should demonstrate a thorough knowledge in each of these domains.

Blueprint for Instruction and Assessment

Music/Audio Production
10.0200.00

Domain	Related Standards	Instructional Time
Domain 1 Production	STANDARD 7.0 Engage in pre-production/planning phase of product creation in music and audio production STANDARD 8.0 Implement plans for acquiring or creating a product in accordance with the production phase tasks in music and audio production STANDARD 9.0 Perform tasks in post-production phase of product refinement in music and audio production STANDARD 10.0 Deliver/distribute products using various media in accordance with consumer expectations in music and audio production STANDARD 11.0 Monitor quality assurance of product creation concurrent with all phases of production in music and audio production STANDARD 12.0 Present products to selected audiences using media in music and audio production	45-55%
